# 9009 SPIRAL STRIPE CROCHET CAP

## - DESIGNER: Kari Haugen

### MATERIALS: Free Style

#### ONE SIZE:

Fits head approx 22<sup>1</sup>/<sub>2</sub>"(57cm)

Color 1: 50 gr grape 5245  
Color 2: 50 gr poppy 3609  
Color 3: 50 gr white 0010

**SUGGESTED HOOK SIZES:** Crochet hook in size 4mm. **Note:** US and metric hook sizes often do not match exactly and size equivalencies have changed. The original version of this pattern was written to use a metric size hook; if in doubt as to whether a given US hook size is the same as a metric size, use the metric size hook. As always, please take the time to check your gauge carefully and change hook sizes as needed to obtain the correct gauge.

**GAUGE:** 14 sts over hdc = 4"(10cm).

**Watch gauge carefully to obtain the correct finished measurements!**

### CAP

With Color 1, loosely ch 81. Beg with second ch from hook and work 1 row of hdc (79 sts). Join with a slip st in top of ch at beg of row, then ch 2; cont working in the rnd. Work 4 rnds of hdc, ending last rnd with slip st in top of ch at beg of rnd.

**SPIRAL PATTERN:** Change to Color 2 and ch 2. Work 7 hdc. \* Change to Color 3 and work 8 hdc; rep from \* for 11 rnds and do not join at end of each rnd; colors will shift 1 st at end of each rnd. **Note:** To carry color not in use, crochet around that strand as you work over next 8 sts. Change colors by working second yo of last st with new color. Cap should measure approx 5<sup>1</sup>/<sub>2</sub>"(14cm) from bottom edge.

**SHAPING:** Next rnd, dec 1 st in each stripe across rnd by skipping seventh st of each stripe (69 sts). Work 1 rnd without dec. Cont dec next rnd, then every other rnd twice more. Dec 1 st in each stripe every rnd 3 times (10 sts). Fasten off, leaving a long tail. Gather top edge of last rnd with tail and fasten securely. Neatly fasten ends of ch edge tog at lower edge of cap.
